## CURRENT POSITION

---

|          |                     |                                                                                                                                          |
|----------|---------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| 2024–Now | Associate Professor | Department of Electrical & Computer Engineering<br>Department of Computer Science (By courtesy)<br>University of California, Los Angeles |
| 2018–24  | Assistant Professor | Department of Electrical & Computer Engineering<br>University of California, Los Angeles                                                 |

## EDUCATION

---

|         |        |                                                                                                                                                    |
|---------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| 2012–17 | Ph.D.  | Carnegie Mellon University<br>School of Computer Science<br>Advisors: Scott Hudson and Stelian Coros<br>Committee: Jodi Forlizzi and Tovi Grossman |
| 2010–12 | M.Sc.  | University of Calgary<br>Department of Computer Science<br>Advisors: Saul Greenberg and Richard Levy<br>Committee: Barry Wylant and Larry Katz     |
| 2010    |        | Universidad Politécnica de Madrid<br>Exchange student in Telecommunication Engineering, E.T.S.I. Telecomunicación                                  |
| 2006–10 | B.Eng. | Zhejiang University<br>Department of Computer Science<br>Chu Kochen Honors College                                                                 |
| 2003–06 |        | Affiliated High School of South China Normal University<br>Innovation Class student in Science                                                     |

## PROFESSIONAL EXPERIENCES

---

|          |                    |                                                                                                                                                      |
|----------|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2026–Now | Visiting Faculty   | Google XR<br>Conducted HCI research on generative extended reality (GenXR)                                                                           |
| 2024–26  | Visiting Faculty   | Google DeepMind<br>Conducted HCI research on generative user interfaces (GenUI)                                                                      |
| 2022     | Visiting Professor | Department of Computer Science<br>University of Tokyo<br>Collaborated with Prof. Takeo Igarashi's research group                                     |
| 2021–23  | Visiting Professor | Salesforce Research<br>Collaborated on multiple HCI + NLP projects                                                                                   |
| 2018     | Research Scientist | Tableau Research, Palo Alto<br>Enabling people to interact with data on mobile devices                                                               |
| 2015     | Research Intern    | Google Research, Mountain View<br>Mobile Interactive Computing Group with Yang Li<br>Developed a user-defined cross-device interaction framework     |
| 2014     | Research Intern    | Microsoft Research, Redmond<br>Natural Interaction Research Group with Bill Buxton and Ken Hinckley<br>Developed a multi-wearable interactive system |

|         |                 |                                                                                                                                                                              |
|---------|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2013    | Research Intern | Autodesk Research, Toronto<br>User Interface Research Group with Tovi Grossman, Daniel Wigdor, and George Fitzmaurice<br>Developed interaction techniques with smart watches |
| 2012    | Research Intern | Microsoft Research, Redmond<br>Natural Interaction Research Group with Ken Hinckley and Hrvoje Benko<br>Developed motion and context sensing techniques for pen computing    |
| 2009-10 | Research Intern | Microsoft Research Asia, Beijing<br>Media Computing Group with Bin B. Zhu<br>Developed novel CAPTCHA techniques and systems                                                  |
| 2009    | Engineer Intern | Alibaba Group, Hangzhou<br>Quality Assurance Group<br>Developed routines for testing data-centric web-based programs                                                         |

## AWARDS & HONORS

---

|         |                                                                              |
|---------|------------------------------------------------------------------------------|
| 2026    | IEEE Senior Member, Institute of Electrical and Electronics Engineers        |
| 2024    | CHI Best Paper Honorable Mention Award                                       |
| 2023    | CHI Best Paper Honorable Mention Award                                       |
| 2022    | <a href="#">Intel Rising Star Award</a>                                      |
| 2022    | UIST Best Paper Award                                                        |
| 2022    | <a href="#">Google Research Scholar Award</a>                                |
| 2021    | <a href="#">ONR Young Investigator Award</a>                                 |
| 2021    | <a href="#">NSF CAREER Award</a>                                             |
| 2020    | <a href="#">Hellman Fellowship</a>                                           |
| 2020    | CHI Best Paper Honorable Mention Award                                       |
| 2019    | <a href="#">NSF CISE Research Initiation Initiative (CRII) Award</a>         |
| 2018    | <a href="#">CHI Best Paper Honorable Mention Award</a>                       |
| 2016    | Adobe Research PhD Fellowship                                                |
| 2015    | Qualcomm Innovation Fellowship Finalist                                      |
| 2014    | <a href="#">UIST Best Paper Award</a>                                        |
| 2014    | <a href="#">CHI Best Paper Award</a>                                         |
| 2014    | <a href="#">CHI Best Talk Award</a>                                          |
| 2013    | Qualcomm Innovation Fellowship Finalist                                      |
| 2012    | University of Calgary Department Research Award                              |
| 2010    | Academic Project Scholarships in Madrid-Spain for Chinese Technical Students |
| 2009    | Zhejiang University Academic Scholarship                                     |
| 2007-08 | University of Hong Kong Crimson Summer Exchange Co-Fellowship                |

### *Awards Won by Students*

|      |                                                                                    |
|------|------------------------------------------------------------------------------------|
| 2025 | Xingyu Liu - UCLA ECE Dissertation Year Fellowship                                 |
| 2024 | Hongyan Gu - CESASC Scholarship                                                    |
| 2023 | <a href="#">Xingyu Liu - Amazon PhD Fellowship</a>                                 |
| 2023 | Hongyan Gu - UCLA ECE Dissertation Year Fellowship                                 |
| 2022 | <a href="#">Xingyu Liu - UCLA ECE Distinguished Master's Thesis Research Award</a> |

2022 Xingyu Liu - UCLA School of Engineering ED Rice Outstanding Master Student Award

## TEACHING & MENTORING

---

### *Course Instructor and Teaching Assistant*

|          |           |                                                                                                 |
|----------|-----------|-------------------------------------------------------------------------------------------------|
| 2020-Now | ECE 188   | <a href="#">Interactive &amp; Applied Machine Learning</a><br>ECE Department, UCLA              |
| 2019-Now | ECE M119  | <a href="#">Fundamental of Networked Embedded Systems</a><br>ECE Department, UCLA               |
| 2018-Now | ECE 209AS | <a href="#">Human Factors in Artificial Intelligence</a><br>ECE Department, UCLA                |
| 2015     | 05430     | Programming Usable Interfaces<br>School of Computer Science, Carnegie Mellon University         |
| 2014     | 05410     | User-Centered Research and Evaluation<br>School of Computer Science, Carnegie Mellon University |
| 2010     | CPSC 481  | Human Computer Interaction I<br>Department of Computer Science, University of Calgary           |

### *Ph.D. Students Mentored*

|          |                            |
|----------|----------------------------|
| 2022-now | Youngseung Jeon (UCLA ECE) |
| 2020-26  | Xingyu Liu (UCLA ECE)      |
| 2019-24  | Ruolin Wang (UCLA ECE)     |
| 2019-24  | Noyan Evirgen (UCLA ECE)   |
| 2018-25  | Hongyan Gu (UCLA ECE)      |
| 2018-24  | Jiahao Li (UCLA MAE)       |

### *Master Students Mentored*

2016–Now  
Anmol Gupta (UCLA ECE)  
Vivek Kumar (UCLA ECE)  
Ziwen Li (UCLA ECE)  
Christopher Hwang (UCLA ECE)  
Wayne Zhang (UCLA ECE)  
Roy Jara (UCLA ECE)  
Yifan Xu (UCLA ECE)  
Yao Xie (UCLA ECE)  
Ritam Sarmah (UCLA CS)  
Carlo Rebanal (UCLA ECE)  
Amirali Omidfar (UCLA ECE)  
Ximeng Liu (UCLA ECE)  
Nicolas Cheng (UCLA ECE)  
Vikram Cannanure (CMU CS)

*Visiting Scholars Hosted*

2026–27  
Sufri Muhammad  
Fulbright U.S.-ASEAN Visiting Scholar Program

## SERVICE

---

*Ph.D. Thesis Committee*

2020–Now  
Katelyn Morrison (CMU HCII)  
Zhaoliang Zheng (UCLA ECE)  
Kunlin Cai (UCLA ECE)  
Kia Karbasi (UCLA ECE)  
Julian De Gortari Briseno (UCLA ECE)  
Wenzhuo Yu (UCLA ECE)  
Jeffrey Jiang (UCLA ECE)  
Tonmoy Monsoor (UCLA ECE)  
Mahmoud Essalat (UCLA ECE)  
Vikranth Jeyakumar (UCLA ECE)  
Haisong Lin (UCLA ECE)  
Migyeong Gwak (UCLA CS)  
Weinan Song (UCLA ECE)

*Master Thesis Committee*

2020–Now  
Arya Gharib (UCLA ECE)  
Christina Minyoung Lee (UCLA ECE)  
William Jinglin Huang (UCLA ECE)  
Ziwen Li (UCLA ECE)  
Chunxu Yang (UCLA ECE)  
Haolin Xiong (UCLA ECE)  
Xiaoying Yang (UCLA ECE)  
Matthew Waliman (UCLA ECE)  
Rikako Hatoya (UCLA ECE)  
Oyku Bozkurt (UCLA ECE)  
Steve Mendoza (UCLA ECE)  
Siyu Pei (UCLA ECE)  
Swapnil S. Saha (UCLA ECE)  
Amirali Omidfar (UCLA ECE)  
Akash Singh (UCLA ECE)

*Pre-college Education & Outreach*

2024  
Gesture Lecturer for the UCLA Summer Institute CS97 Generative AI  
2020  
Judge for International Science and Engineering Fair (for high school students)

#### *Review Panel*
